Earn your Statement of Completion in about four hours. It only takes 10 – 15 minutes to complete a module.

340B University OnDemand™ for Health Centers Curriculum

Module Title	Description
Introduction to the 340B Drug Pricing Program	Provides a foundational overview of the 340B Program and serves as a primer for the rest of the modules in this curriculum.
340B Stakeholder Perspectives	Describes the major stakeholders and their roles in the 340B Program.
Eligibility Overview	Outlines the types of 340B-eligible organizations and eligibility and compliance best practices for covered entities.
340B Pricing	Describes how the 340B prices are calculated and the roles and best practices of manufacturers, wholesalers, and HRSA for the 340B prices.
Compliance Cornerstones	Provides an overview of the compliance cornerstones of the 340B Program, including diversion/patient definition, duplicate discounts, GPO Prohibition, and orphan drug exclusion.
340B & Medicaid	Defines duplicate discounts and how they occur, as well as stakeholder roles in identifying and/or preventing them.
HRSA’s Medicaid Exclusion File	Discusses the role of the Medicaid Exclusion File (MEF) in preventing duplicate discounts and the uses of the MEF by 340B stakeholders.

340B University OnDemand™ for Health Centers Curriculum (Cont.)

Module Title	Description
340B Drug Delivery Models	Provides an overview of the various drug delivery models in 340B implementation and identifies decision points and best practices for each model.
Contract Pharmacy	Discusses the decision points of entering into contract pharmacy arrangements, as well as the process and best practices of these arrangements.
Entity-Owned Pharmacy	Discusses compliance and operational considerations of using an entity-owned pharmacy model.
Audit Process & Preparedness	Discusses the process of HRSA and manufacturer audits of covered entities, as well as the types of self-audits to maintain a compliant 340B Program.
PVP Contracting: Maximizing Value	Describes the role and benefits of the Prime Vendor Program (PVP), including contracting solutions to maximize value for PVP participants.
340B Hot Topics	Reviews frequently asked 340B best practices questions related to Medicaid, diversion, inventory control, and self-disclosure, and discusses current events in 340B.
340B for the C-Suite	Tailored to executive leadership; discusses the value and risks to an organization associated with the 340B Program.
340B & the Manufacturer	Outlines compliance and operational best practices for manufacturers, including the requirements of the pharmaceutical pricing agreement.
340B & the Distributor	Outlines compliance and operational best practices for distributors, including the role in processing chargebacks.
